## SENIOR ELECTRICAL ENGINEER ENERGY DELIVERY

**Offering You the Power of Opportunity**

## The Position

This is a top level in the electrical engineering series. Work is at the highest level of engineering and may involve the direct supervision of professional and technical personnel. Assignments are general and of continuing nature, requiring the exercise of independent judgment and initiative in scheduling, assigning, and coordinating the work with that of other units. Incumbents are also expected to perform the most complex professional engineering work, requiring a substantial level of professional training and experience.

### *The Senior Electrical Engineer is expected to*

- Perform complex studies of technical, environmental, and economic feasibility, engineering field studies, and related studies pertaining to proposed and existing system facility improvements.
- Plan their own work and work of others. Complete special projects that are frequently long and complex, requiring advanced engineering and technical ability.
- Have knowledge of applicable laws of regulatory codes relevant to design and construction of electric utility facilities.

## Educational Requirements

- Graduation with a bachelor's degree in electrical engineering from a college or university with an accredited four or five year degree program in electrical engineering, **or**
  - A bachelor's degree in civil or mechanical engineering from a college or university with an accredited four or five year degree program *and* two additional years of experience doing professional electrical utility engineering.
- The completion of post-graduate course related to electric utility engineering is highly desirable.

*Registration as a Professional Engineer cannot substitute for the required education.*

## Experience

- Four years of experience in professional electric utility engineering work comparable to that of an Associate Electrical Engineer in the City of Riverside Energy Delivery Division.
- Registration in California as a Professional Engineer is highly desirable or may be required as a matter of law, depending on the assigned responsibilities.

## Benefits

Employees of the City of Riverside are eligible to receive a comprehensive benefit package consisting of Medical and Dental prepaid plans. Additional benefits can include:

- Educational Reimbursement Plan
- Training Opportunities
- Sick Leave
- Vacation Time
- Two Deferred Compensation Plans
- A Flexible Spending Plan For Out-Of-Pocket Expenses
- Life Insurance
- Long Term Disability Insurance
- Vision Coverage
